

PUBLIC HEARING
January 19, 2016 – 5:00 p.m.
City Hall, Council Chambers

Purpose: This Hearing will be held to discuss and to hear public comment on the Ely Utilities Commission's proposed rate increases on water and sanitary sewer services.

PUBLIC HEARING
January 19, 2016 – 5:15 p.m.
City Hall, Council Chambers

Purpose: The purpose of the public hearing is to collect comments and feedback on the Environmental Assessment document.

Environmental Assessment for Ely Municipal Airport (ELO) Proposed Improvements

ELO is proposing to build a partial parallel taxiway with connector taxiways at the northeast end of Runway 12/30, build an aircraft apron expansion, and complete Runway 12/30 obstruction removals. The partial parallel taxiway will be constructed in two phases for an overall length of 2,025 feet and require the infill of 0.6 acres of wetland. The apron expansion will include 7,000 SY of bituminous pavement in the southwest corner of the existing apron. Obstruction removal will include grading and 12.6 acres of tree removal to clear an area 500 feet either side of Runway 12/30. The EA is the Federal and State-required document designed to evaluate the potential environmental effects of a proposed project and provide information to the public and reviewing agencies.
